## Project Description

This project is intended to set up a fund for cooperation on climate change between the Asian Development Bank and the government of Vietnam. Specifically, the project will finance strengthening environmental measurement, reporting and verification systems for projects involving use of the fund, preparing and implementing transport and energy sector guidelines, and intra-agency coordination on climate change.

## Investment Description

- Asian Development Bank (ADB)

## Contact Information

Executing Agencies
Ministry of Natural Resources and Environment
Department of Water Resources Management
68 Bui Thi Xuan Str., Hai Ba Trung
District, Hanoi, Viet Nam

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at:
http://www.adb.org/site/accountability-mechanism/main
