Project Description

The proposed TA will support private sector development in the rural-based, western region. The TA will strengthen coordination between the three aimags of the western region with a focus on improving access to export markets. It will also improve the capacity for investment and market analysis among businesses, aimag authorities, and other stakeholders. It was included in COBP.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
