---

## Project Description

The TA will assist the Ministry of Industry and Trade (MOIT) in preparing relevant guidelines, roadmaps, and regulations for:  
(i) a competitive market operation related to contract arrangement and prudential requirements under the Vietnam wholesale electricity market (VWEM) and

(ii) a mechanism ensuring long-term adequate supply, which can replace, improve, or complement the current mechanism through power development planning (PDP) and build-operate-transfer (BOT)

The Ministry of Industry and Trade (MOIT) and Electricity Regulatory Authority of Viet Nam (ERAV) have been consulted for the TA design and development partners including the World Bank, AfD, and KfW coordinated.

---

Hanoi, Viet Nam

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
