Earthquake Emergency Assistance Project

Early Warning System

Earthquake Emergency Assistance Project

ADB-49215-001

Quick Facts

Countries	Nepal
Financial Institutions	Asian Development Bank (ADB)
Status	Active
Bank Risk Rating	B
Voting Date	2015-06-24
Borrower	Department of Education
Sectors	Education and Health, Humanitarian Response, Transport, Water and Sanitation
Investment Type(s)	Grant, Loan
Investment Amount (USD)	$ 317.70 million
Loan Amount (USD)	$ 315.30 million
Grant Amount (USD)	$ 12.40 million
Project Cost (USD)	$ 243.35 million

Project Description

This project rebuilds or repairs least 700 schools damaged by the earthquake with stronger construction and engineering specifications that are designed to help the structures withstand future disasters. They will also include improved bathrooms with gender separated facilities. Disaster risk management principles and awareness will be developed in the communities. The project will also repair and improve roads, about 135 km of strategic roads and about 450 km of rural roads, with road safety features designed to withstand future disasters and climate change.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
