### **Project Description**

The program supports the Hebei provincial government (HPG) in increasing its efforts to improve air quality in the greater capital area, comprising Beijing municipality (Beijing), Tianjin municipality (Tianjin), and Hebei province (Hebei) (together, the BTH region). The program will (i) reduce emissions from major air pollution sources, (ii) strengthen environment policy and the institutional framework for implementation, and (iii) enhance employment support for inclusive industrial transformation. The program will provide HPG with a solid basis to introduce incremental reforms under the PRC's 13th Five-Year Plan, 2016 2020, while enabling HPG to consolidate and accelerate necessary actions during 2015 2016.
