Project Description

According to the bank website, "financial inclusion of small and medium-sized enterprises (SMEs) in Sri Lanka remains a key development priority for the government given SMEs' large demand for credit, the financial barriers facing SMEs, and SMEs' potential for reducing unemployment and regional inequalities. This additional financing will provide loans to Sri Lankan banks to encourage them to grow their SME portfolios; and will extend the current successful project, which otherwise would close ahead of schedule, through March 2020."

Early Warning System Project Analysis

The ADB categorized the project risks as 'FI', stating that participating financial institutions without an approved ESMS must exclude all subprojects with adverse environmental impacts (category A and B).

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
