### Project Description

The government of Fiji requested technical assistance from the ADB to prepare a ports development master plan. The TA is included in the ADB country operations business plan, 2015-2017 for Fiji. The master plan will consider existing transport policy, as set out in the MOIT's national maritime transport plan, and 20-year infrastructure investment plan. It will also consider higher level policy including the upcoming National Development Plan and Green Growth Framework.

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
