Asian Regional Forum on Investment Management of Foreign Exchange Reserves

Project Description

According to ADB website, the R-CDTA includes regional forums to discuss common interests on investment management of foreign exchange reserves; and a) workshops for country/sub-regional specific for DMCs with similar level of economic development and challenges; and/or b) thematic-based. ADB would also share its experience in and knowledge of investment management with DMCs, and collect feedback regarding client needs which will help ADB further strengthen its relevance in the region.

The impact will be enhanced foreign exchange reserve management in DMCs. The outcome will be enhanced knowledge and understanding of DMC officials on foreign exchange reserve management strategy, frameworks, and techniques. The DMC officials and/or staff who attend the forums and/or workshops will apply what they learn in their reserve management operations.
