Project Description

According to ADB website, the Cyclone Pam Road Reconstruction Project will support the efforts of the Government of the Republic of Vanuatu to reconstruct, and climate and disaster proof, the transport sector infrastructure on Efate ring road damaged by the Cyclone Pam floods and storm surges during 12-14 March 2015. The impact will be accelerated economic and social recovery in Vanuatu's Cyclone Pam affected provinces.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
