## **Project Description**

According to ADB website, ADB will use a programmatic, policy-based lending modality to support the government's reform agenda. This approach, which combines extensive policy dialogue with technical assistance (TA), recognizes the long-term time horizon required for financial sector development, the need to sequence reforms, and the catalytic role played by ADB.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
