Project Description

According to ADB website, the project comprises of design, construction, financing, operations and maintenance of a 66 km open access toll road in Almaty, Kazakhstan. A group of international financiers including ADB is considering providing a 15-year senior loan to finance the construction, operation, and maintenance of the project. It aims to alleviate traffic congestion in the city of Almaty by diverting commercial and passenger vehicles, enabling them to circumvent the city center and transit at higher speed. It would also establish an important transportation and regional cooperation link between Asia and Europe.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
