ADB-49378-001

Strengthening Capacities to Design and Implement Smart Urban Infrastructure

Project Description

This project funds technical assistance to the region's city administrations including: capacity building support, consulting services for project preparation, setup, and project implementation capacity, and project related training for urban sector stakeholders. This project also focuses on encouraging strategic partnerships and partnerships between traditionally separated stakeholders, such as different degree programs, to improve capacities.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
