Project Description

According to ADB website, the project will help transform secondary towns in the Greater Mekong Subregion (GMS) eastern economic corridor into economically inclusive, competitive tourism destinations by improving transport infrastructure, urban sanitation, and capacity to sustainably manage tourism growth. It will boost trade in services by promoting cross-border tourism and deepen GMS and Association of Southeast Asian Nations (ASEAN) regional cooperation and integration. About 168,000 residents are expected to benefit from climate-resilient infrastructure development, improved urban greenspace, cleaner beaches, and better access to economic opportunities.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
