Project Description

According to ADB website, Subproject 1 will provide ancillary capacity development support to DMCs to continuously improve their skills in project identification, preparation, structuring, and financing of infrastructure PPP projects as well as streamline DMC agencies' access to the resources of the AP3F. It will support a range of upstream activities and will give priority to infrastructure projects that:

1. Have a positive impact on regional connectivity and support regional economic integration
2. Take into account climate change and are demonstrably climate-friendly and climate-resilient
3. Demonstrate value for money and the potential for replication in the sector, country, and/or region, amongst others.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
