### **Project Description**

According to the Bank's website, the project will convert the distribution network of the Nuku'alofa with climate resilient infrastructure. The project will (i) convert the open overhead network to covered area bundled conductors, (ii) replace overhead consumer connections to underground cables, (iii) convert existing old distribution poles to climate resilient high standard poles, and (iv) replace ageing distribution switchgear. The project will target the Area 5 of the Tonga Power Limited (TPL)'s overall plan of converting all 5 areas of Nuku'alofa network.
