Project Description

According to the bank website, "the project will support the implementation of the Mumbai Metro Rail System through (i) the procurement of 378 energy efficient standard gauge rolling stock carriages; (ii) the design, supply, installation, testing and commissioning of a modern signaling and training control system, and platform access systems and automated platform doors for the 58 kilometers (km) section covering Lines 2A, 2B, and 7; and (iii) establishment of a metro rail operations organization. The project will contribute to an increase in the use of rail-based urban transit system in Mumbai city."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
