Conservation of Forest Genetic Resources

Early Warning System

Conservation of Forest Genetic Resources

ADB-50012-001

Quick Facts

Countries	Mongolia
Specific Location	Khentii, Khuvsgul, and Selenge
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	B
Voting Date	2016-11-18
Borrower	Government of Mongolia
Sectors	Agriculture and Forestry, Law and Government
Project Cost (USD)	$ 0.50 million

Project Description

The technical assistance (TA) will support the government's forest policies, particularly the Ministry of Environment, Green Development, and Tourism (MEGDT) Forest Conservation Program, and strengthen government initiatives to develop FGRs assessment, characterization and monitoring systems. It will support one of six National Development Strategy priorities: contain the depletion of animal and plant life, and create conditions for their natural recreation and sustainable use. It will also take measures to (i) study the dispersal and reserves of rare and extremely rare plant species, (ii) create and protect their gene pool, (iii) establish a system of registration, information and monitoring, (iv) elaborate a plan for their proper use, and (v) provide for restoration and cultivation of rare plants.

Investment Description

- Asian Development Bank (ADB)

Japan Fund for Poverty Reduction administered by ADB

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
