Project Description

According to the bank website, the program will improve the resilience of the participating countries to disasters triggered by natural hazards. It will support policy actions in disaster risk management (DRM), and provide participating Asian Development Bank (ADB) Pacific developing member countries (DMCs) with a source of contingent financing for timely disaster response, early recovery, and reconstruction activities. The attached TA will support DRM in participating DMCs, and assess the options for, and potential costs and benefits from, a collaborative multi-country mechanism to provide contingent financing in the event of disasters triggered by natural hazards.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
