Project Description

According to ADB, the project is fully aligned with the strategy, articulated in ADB's country partnership strategy (CPS) for Nepal, 2020-2024, to focus on energy sector reform and financial sustainability. The project directly addresses three key Operational Priorities of ADB's Strategy 2030 (i) tackling climate change, building climate and disaster resilience, and enhancing environmental sustainability through increasing use of clean energy in Nepal and neighboring countries and contributing to climate and disaster resilience and enhancement of environmental sustainability; (ii) Strengthening governance and institutional capacity through promoting a step-change in institutional capacity and governance at NEA; and (iii) Fostering regional cooperation and integration through regional energy trade and connectivity with India and Bangladesh. The project will also address the following Sustainable Development Goals (SDGs): zero poverty (SDG 1); affordable and clean energy (SDG 7); and climate action (SDG 13).

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
