<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.23 million

### **Project Description**

According to ADB website, this small-scale research and development technical assistance (S-RDTA) will identify needed enhancements to ADB's framework for knowledge management to enable the organization to better serve its operations and client countries. It will implement these enhancements consistently via revised business processes, ensuring that knowledge requirements of client countries are adequately addressed.

---

- Asian Development Bank (ADB)

Technical Assistance Special Fund: US\$ 225,000.00

---

## Contact Information

Project Officer: Dedolph Cabrera, Carolyn  
SDOD, ADB

No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
