Promoting South-South Cooperation in Flood Risk Management

Early Warning System

Promoting South-South Cooperation in Flood Risk Management

ADB-50083-001

Quick Facts

Financial Institutions	Asian Development Bank (ADB)
Status	Proposed
Bank Risk Rating	U
Sectors	Agriculture and Forestry
Investment Type(s)	Advisory Services

Project Description

According to ADB website, the proposed R-CDTA responds to ADB Strategy 2020's emphasis on environmentally sustainable growth and regional integration as strategic agenda and good governance, capacity development, and knowledge solutions and partnerships as drivers for change. The R-CDTA also responds to ADB's Water Policy (2001), which highlights regional cooperation and exchange of water sector information and experiences across borders. The project impact will be vulnerability against flood disasters in the Asia and Pacific region reduced. It is expected to have an project outcome which is the application of ecosystem-based solutions for FRM and CCA in the region increased.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
