Project Description

According to ADB website, the proposed project will support the governments of Cambodia and the Lao People's Democratic Republic (PDR) in enhancing the competitiveness of towns located along main economic corridors in the Greater Mekong Subregion (GMS). The project will result in improved urban services in the participating towns through investment in basic urban infrastructure including, for example, sanitation, solid waste management, urban roads and flood management. The project will enhance climate resilience and will be in line with ADB's 3Es of economy, environment, and equity, as outlined in its Urban Operational Plan.

This project is related to a proposed project (ADB-50099-003).

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
