Ho Chi Minh City Wastewater and Drainage System Improvement Project

Early Warning System

Ho Chi Minh City Wastewater and Drainage System Improvement Project

ADB-50107-002

Quick Facts

Countries	Vietnam
Specific Location	Ho Chi Minh City
Financial Institutions	Asian Development Bank (ADB)
Status	Proposed
Bank Risk Rating	A
Borrower	SOCIALIST REPUBLIC OF VIETNAM
Sectors	Infrastructure, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	$ 400.00 million
Loan Amount (USD)	$ 400.00 million
Project Cost (USD)	$ 400.00 million

Project Description

Hochiminh City (HCMC) is one of the 10 cities in the world likely to be impacted from climate change. Its wastewater and drainage system faces the rising sea-level and strong storms problems that result in the needs of flood controls and sewage backflow mitigation. The “Ho Chi Minh City Wastewater and Drainage System Improvement Project” will support HCMC’s wastewater and drainage system by building up and strengthening its existence system.

The Project outputs will:

- Upgrade the existing combined sewer system with interceptors;
- Construct new separate sewer pipeline systems for storm run-off and sewage, and advanced centralized wastewater treatment plants;
- Strengthen wastewater management of household septic tanks by a developing de-sludge and collection scheme with appropriate equipment and transportation;
- Capacity building and institutional strengthening of the implementing agency for medium- and long-term strategic planning for sewage and drainage, and asset construction and management skills including private sector participation, the operating agencies for operation and maintenance and climate resilient disaster management planning, and the local people for awareness raising.

Investment Description

- Asian Development Bank (ADB)

No further information has been disclosed by this stage of project

Executing Agencies

Ho Chi Minh City People's Committee
86 Le Thanh Ton Street, Ben Nghe Ward,
District 1, Ho Chi Minh City
Viet Nam

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
