Investment Amount (USD)	$ 0.50 million
Project Cost (USD)	$ 2.50 million

Project Description

This project finances the modernization of three existing hydropower plants, the construction of three new run-of-river small-sized hydropower plants, and provide capacity development for min/micro hydropower plant development.

The six sub-project hydropower plants are selected based on their age, technical and economic viability, and prioritization in the national investment program.

Investment Description

- Asian Development Bank (ADB)

This project is a grant to help in the implementation of the actual project itself.

The makeup of the grant is:
US$0.5 million from the Technical Assistance Special Fund
US$2 million from the Asian Clean Energy Fund under the Clean Energy Financing Partnership Facility

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
