## **Project Description**

According to ADB website, the proposed TA cluster will comprise 3 TA subprojects encompassing production of the 2018-2020 KIs. These TA subprojects are chronologically sequenced. The cluster TA will support the following activities:

1. Preparation of background research papers
2. Continued data collection from national, international and ADB sources and modernization of ADB database systems such as the SDBS
3. Publications hard copy and online versions of KI including the production of statistical tables for SDGs, country and regional trends, GVC's and special chapter
4. Consultation workshops for knowledge sharing and dissemination of key results and policy recommendations.

As necessary, background research papers will be published through appropriate vehicles chosen to maximize the dissemination and impact of the analyses conducted. The impact will be the KI influences evidence-based policy making, investment decisions, and project design in ADB's DMCs and raises ADB's profile.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
