

 Early Warning System

ADB-50161-003

Rupsha 800-Megawatt Combined Cycle Power Plant Project

Quick Facts

Countries	Bangladesh
Specific Location	Khalishpur, Khulna
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	A
Voting Date	2018-06-26
Borrower	North-West Power Generation Co. Ltd. (NWPGL)
Sectors	Energy
Investment Type(s)	Grant, Loan
Investment Amount (USD)	\$ 801.50 million
Loan Amount (USD)	\$ 800.00 million
Grant Amount (USD)	\$ 1.50 million

Project Description

According to ADB website, the project targets improving energy security in Bangladesh. It will increase availability of efficient and cleaner energy by developing a state-of-the-art power plant with 800-megawatt (MW) generation capacity using cleaner and highly efficient power generation technology. The project also envisages the construction of associated natural gas supply and power transmission infrastructure facilities, as well as strengthening of the institutional capacity and overall business process of the project's executing agency, North-West Power Generation Company Limited (NWPGL), to efficiently plan and operate power plants.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
