Project Description

DESCRIPTION

The project involves the construction, commissioning and operation of three 50 MW wind power projects located in Thatta District, Sindh Province, in the south of Pakistan (the projects). The projects are jointly being developed by the Sapphire Group, a well-respected conglomerate in Pakistan with business interests in textiles, food, and power (both thermal and renewables), and Bank Alfalah Limited, Pakistan's sixth largest private bank (collectively the sponsors) through Triconboston Consulting Corporation, a special purpose vehicle (SPV). Following a competitive bid, Hydrochina Corporation has been shortlisted for finalization of the EPC contract (with General Electric to provide wind turbine generators). All three projects will have same EPC and O&M; contractors.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
