Investment Amount (USD)	\$ 0.80 million

Project Description

According to ADB website, this proposed Supporting Effective Coverage of Health Technology in the Pacific (the project) will form part of the regional response to reduce the number of cervical cancer cases and other infectious diseases in children and women. The project proposes to use the introduction of new vaccines and early detection through communicable disease platforms to drive necessary improvements in the public health system in selected Pacific DMCs in line with the Asia Pacific Strategy for Emerging Diseases and Public Health Emergency.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
