## Project Description

This technical assistance loan will directly support DPWH and DOTR to deliver infrastructure projects.

ADB documents state that the "key benefits include: (i) effective identification, analysis, and planning for infrastructure gaps, especially roads, urban transport, urban water, sanitation, and flood management; (ii) addressing critical constraints such as resettlement processes and inadequate access to international knowledge, best practices, innovation, and technology; and (iii) implementation management of sophisticated public infrastructure projects with international expertise to supplement national expertise and resources. The Project will also help address key operational areas for ADB through gap analysis and support for country system development in key areas such as: (i) land acquisition; (ii) procurement; and (iii) start-up delays."

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
