Project Description

According to bank documents, the Advanced Knowledge and Skills for Sustainable Growth Project (AKSI) aims to support Indonesia’s higher education system in providing advanced skills and knowledge to support sustainable economic growth. The project will support upgrading of four public universities, three in Sumatra and one in Bandung, to provide high quality and demand-based programs as part of the first phase support to the longer-term higher education reform strategy. The impact of the project will be increased income and productivity of the working age population.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
