Project Description

The proposed knowledge and support technical assistance (TA) will support the Government of the People's Republic of China (PRC) to prepare a comprehensive hub-oriented transportation strategy for Urumqi metropolitan area through research and analysis of current and future trends and best practices. The TA is included in the country operations business plan for the PRC, 2017–2019 of the Asian Development Bank (ADB). The project impact is transformation of Xinjiang Uyghur Autonomous Region into a hub for transport, trade and logistics, financial, culture, science and education, and medical services. (Silk Road Economic Belt and the 21st-century Maritime Silk Road)

ADB will select a team of consultants from a firm specialized in transport and logistics planning through quality- and cost-based selection method on a lump-sum contract with milestone payments and with a provision for fixed out-of-pocket expenditure not exceeding $800,000. The consulting services include 12 person-months of international inputs and 59 person-months of national inputs. The TA will be implemented over 14 months.
