These two elements reinforce each other: (i) the policy-based actions supporting an improved operational context to gain more benefits from health sector investments and (ii) the health sector investments supporting the implementation of priority policies. Subprogram 1 actions have been sustained and are built upon by subprogram 2 actions, and all 15 subprogram 1 actions have been sustained."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
