Project Description

According to bank documents, "the Health Services Sector Development Program (HSSDP) in Papua New Guinea (PNG) was approved by the Asian Development Bank (ADB) on 30 May 2018 and combines a \$100.0 million policy-based operation (subprogram 1) and a \$95.0 million project investment to support whole-of-government and sector policy reforms with health sector investments. The project duration is 7 years and expected to close in 30 May 2025. Two additional policy-based loans of \$100.0 million each (subprograms 2 and 3) will be processed separately in 2019 and 2020. The existing HSSDP project investment is on track with both the project manager and project finance and procurement specialist recruited together with key experts. The project steering group has identified the locations for the two district hospitals (level 4) and six health centers (level 3) for upgrade under the project. The first two health centers are expected to be contracted in the first half of 2020 along with the consulting firms for medical supplies and digital health."
