Project Description

According to the bank website, "the Project involves development and construction of a portfolio of 400MW of wind power projects across various states in India (90 MW in Gujarat, 310 MW in other states). The projects will be housed in Green Infra Wind Energy Ltd (GIWEL), which is a subsidiary of SGIL and has 203MW of operating wind power capacity. The transaction will be structured as corporate finance to GIWEL, with elements of project finance like security over project assets, charge over project cash flow etc built in. The company will use these funds, along with equity infusion by Sembcorp and local commercial debt to fund the construction of the above projects."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
