---

## **Project Description**

The TA will provide project preparatory support to participating Pacific DMCs to improve national and regional connectivity through new investments. It will also support the participant countries in formulating and updating transport sector policy and investment planning, and identify institutional gaps and capacity development activities to support transport sector development.

**Contact Information**

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
