## Project Description

According to the bank website, ADB's proposed investment in OAP III is a continuation of its strategy to increase the pace of PSOD investments in health care, as well as an endorsement of OrbiMed as the preferred fund manager given its track record and competitive positioning in the People's Republic of China (PRC) and India, two of Asia's fastest growing health care markets. OrbiMed's Asia team has successfully deployed capital across 36 portfolio companies through two funds, OrbiMed Asia Partners I, LP Fund (OAP I) and OAP II with respectable exits from OAP I. As a demonstration of its origination skills and recognition of ADB as a value-adding partner, OrbiMed has also offered co-investment opportunities to PSOD, including two hospitals in India and a third hospital opportunity currently being explored in the PRC.
