Project Description

The proposed knowledge and support technical assistance (KSTA) will support improvements in legal and policy frameworks, and data infrastructures for promoting knowledge and technology transfer and commercialization of research and development (R&D;) in Mongolia through research and development, policy advice, and capacity development in order to strengthen the planning and management of the science, technology, and innovation (STI) system in Mongolia. The Government of Mongolia has requested the technical assistance (TA) from the Asian Development Bank (ADB) to enhance effectiveness and efficiency of STI activities in accordance with the Government Action Plan, 2016 2020. During the missions conducted in February and June 2017, ADB and the government reached agreement on the objectives, scope, implementation arrangements, costs, and consulting service requirements. The TA is included in ADB's country operations business plan, 2017 2019 for Mongolia.

CONSULTING SERVICES

ADB will engage a consulting firm (international, 11 person-months; national, 21 person-months) to provide expertise in conducting in-depth study of the STI system and data infrastructure assessment in Mongolia, review of STI policy, institutional and legal frameworks, and data infrastructure in emerging and advanced economies, drafting amendments to laws and policies on IPR, and developing, STI investment plan. ADB will also engage a national consulting firm (5 nationals, 45 person-months) to develop online platform for STI. The firm will procure equipment to carry out the assignment. The consulting firms will be selected using the quality- and cost-based selection method with a quality- and cost-ratio of 90:10, and simplified technical proposals. Output-based, lump-sum contracts with a provision for fixed out-of-pocket expenditures will be considered for the consulting firms.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
