Project Description

According to the bank website, "the impact of the Project will be enhanced disaster risk management for human resources development (Post Disaster Recovery Framework and School Sector Development Plan) . The outcome will be disaster resilience of schools and communities increased and learning environment improved. The outputs will be (1) heavily damaged schools reconstructed and improved; (2) unsafe schools retrofitted and disaster risk reduced; and (3) institutional capacity for disaster resilience strengthened."

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
