### Project Description

According to ADB website, the proposed project is a part of Bangladesh's Power System Master Plan 2016. Analytical studies, including the SAARC's Regional Energy Trade Study 2010 proposed power transmission connectivity between India and Bangladesh. A regional SAARC grid will result in increased operational efficiency, tapping of new power resources and improved system reliability. It will also provide a platform to reduce the prevailing energy gap that hinders regional economic and social development.

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
