ADB-51241-001

## Integrated Information and Communications Technology Development Project

### **Project Description**

According to the bank website, the proposed project outputs will be: (i) an IT park set up as a benchmark model in Karachi; (ii) National IT parks strategy developed; (iii) smart city strategy developed and piloted; and (iv) ICT skills in higher education stream strengthened with technological readiness for knowledge-based economy. These outputs will result in the following outcome: strengthened holistic development of ICT sector in Pakistan. The project will be aligned with the following impact: ICT industry contribution to inclusive growth increased, as outlined in Pillar VI of Pakistan Vision 2025. The investment is also in line with the government's mid-term IT development policy, the Digital Pakistan Policy 2017 (footnote 2).

Ministry of Information Technology and Telecommunication

#### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
