Baikonyr Solar Power Project

Quick Facts

Countries	Kazakhstan
Financial Institutions	Asian Development Bank (ADB)
Status	Approved
Bank Risk Rating	B
Sectors	Energy
Investment Type(s)	Loan
Investment Amount (USD)	\$ 24.92 million
Loan Amount (USD)	\$ 24.92 million

Project Description

According to ADB website, the project involves construction, commissioning and operation of a 50MW solar power plant and integration into the grid for further electricity sale per a fixed tariff. The project is located approximately 30 km east of the city of Kyzylorda in the Kyzylorda Oblast, an area with high insolation of between 2,200 and 3,300 hours of sunlight per year, translating to 1,450 to 1,750 kW/m² annually.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
