## Project Description

According to the bank's website, "The current project adopts a sector approach for developing sustainable, inclusive, and climate-resilient water supply and improved sanitation in the greater Honiara area (GHA) and in five other towns of Auki, Gizo, Noro, Munda, and Tulagi in Solomon Islands. The additional financing will complement project activities and will focus on: i) promoting resilient and effective management of Honiara's watershed area, and (ii) improving water quality in Kongulai Spring through reduction of high turbidity."

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.adb.org/forms/request-information-form

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: https://www.adb.org/site/disclosure/appeals

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main.
