Almaty-Bishkek Economic Corridor: Modern Agriculture Wholesale Market Development Project

Project Description

According to ADB website, the project will contribute to the diversification of exports and the connection to regional markets for the Republic of Kazakhstan and the Kyrgyz Republic. The project is part of the development of the Almaty-Bishkek Economic Corridor (ABEC). The project will support the modernization of wholesale markets (WSMs) to improve food safety, food security, and increase food trade within and outside the region. Modern WSM infrastructure will facilitate certification for exports, traceability systems, and most importantly, transparent market access and storage of fresh produce. As a result, market demand will allow for production growth and deliver incentives for quality, which will benefit small- and medium-sized producers in the region.
