Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Investment Amount (USD)	\$ 400.00 million
Loan Amount (USD)	\$ 400.00 million

Project Description

According to ADB website, the Integrated Flood Risk Management Sector Project (the project) will assist the government of the Republic of Philippines (the government) to reduce flood risks in six river basins (Apayao-Abulog and Abra in Luzon, Jalaur in Visayas, and Agus, Buayan-Malungon, and Tagum-Libuganon in Mindanao) by (i) improving flood risk management (FRM) planning through strengthening data acquisition and data management, and improving flood protection asset management; (ii) rehabilitating and constructing flood protection infrastructure; and (iii) raising community awareness, and preparing and implementing disaster (flood) risk reduction and management plans to reduce different groups' vulnerabilities.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
