---

### Project Description

According to the bank website, the proposed project is "a stand-alone project estimated to cost \$166 million. The Government of India has requested ADB to provide a loan of \$133 million to finance the cost of distribution network improvement and construction of new substations including upgradation of existing substations with improved automation. The executing agency (EA), MeECL, will finance the contingencies, land acquisition, and project management expenses using counterpart funds."

### **ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
