Project Description

According to the bank website, "the TA will support the preparation of a comprehensive master plan for two priority nodes of the Chennai Kanyakumari Industrial Corridor. The two nodes are Thoothukudi-Tirunelveli and Madurai-Virudhunagar-Dindigul-Theni. The master plan will provide a detailed recommendations for targeted industries and subindustries, development phasing and costing of infrastructure at the corridor and node levels, and an institutional framework for the management of the corridor. The master plan will also identify comprehensive market potential and critical gaps of industries and infrastructure in the region; analyze the financial and economic aspects of the CKIC; and identify a regulatory and implementation framework for an enabling environment that promotes local industries, creates world-class infrastructure, and attracts global investments."

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
