Project Description

According to ADB website, the knowledge and support technical assistance (TA) will support selected developing member countries (DMCs) of the Asian Development Bank (ADB) Bangladesh, Indonesia, and the Philippines to strengthen its capacity to design and implement investment projects that strengthen resilience of the urban poor, thereby advancing inclusive urban development. The resilience-building measures will include a combination of interventions targeted at household, community, and local government level. The support to DMCs will include (i) country studies to identify investment opportunities for strengthening resilience of the urban poor; (ii) improve skills for using climate change and disaster risk information for developing resilience-building investments targeted at the urban poor; and (iii) supporting project preparatory report with an explicit focus on strengthening resilience of urban poor.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
