Project Description

According to ADB website, the TA will create knowledge products that enhance the tools for conducting macroeconomic assessments at Asian Development Bank (ADB) headquarters. These products will be disseminated to developing member countries (DMCs), and ADB will support capacity building to provide DMC government officials with a deeper understanding of the patterns and sources of macroeconomic fluctuations. TA outputs will inform policy dialogue between ADB and its DMCs on macroeconomic management in Asian economies.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
