Project Description

According to the bank website, the knowledge and support technical assistance (KSTA) will support stakeholder consultations for a corporate results framework aligned with ADB's new corporate strategy Strategy 2030. The framework will guide an objective and accurate assessment of the development and organizational effectiveness of the Asian Development Bank (ADB) using performance targets and indicators that reflect the directions and priorities of Strategy 2030. The KSTA is included in the 2018 management-approved work program of the Strategy, Policy and Review Department.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
