## Project Description

According to ADB website, the government has requested ADB's assistance to construct a 72 km long road section that will bypass the HPP reservoir through mountainous terrain (the project road). It will be constructed to two-lane asphalt surfaced standard, and will include three tunnels with a total length of about 6 km, one high level bridge about 700 m long, and 13 shorter bridges with a total length of about 975 m. The construction of some parts of the project road started in 1988 but was suspended following the abandonment of the Rogun HPP project.

Office Address: 14, Aini Street Dushanbe 734042 Tajikistan

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
